

School Liaison Program

The School Liaison Program (SLP) connects schools, families, and community services to enhance K-12 educational opportunities for military children.

- Local K-12 school information
- Special Education support & resources
- Choice school options
- Pre-K program information
- PCS Military Interstate Children's Compact support
- College planner resources

The School Liaison Program Manager (SLPM)

- Collaborates with local schools/districts on behalf of military families.
- Maintains current information on local public and private school options/choices.
- Assists military families with local school questions and concerns.
- Provides an electronic school information packet to inbound families.
- Connects outbound families with educational information/School Liaison at their next duty station.
- Assists families with relevant scholarship information.
- Provides information and referral to families with school age special needs children.
- Utilizes social & traditional media resources to keep the military community updated on important school news/events.

Do you know Local K-12 School Options?
